

**A New Reality Is Better Than a New Movie!** By Amiri Baraka

How will it go, crumbling earthquake, towering inferno, juggernaut, volcano, smashup,  
in reality, other than the feverish nearreal fantasy of the capitalist flunky film hacks  
tho they sense its reality breathing a quake inferno scar on their throat even snorts of  
100% pure cocaine cant cancel the cold cut of impending death to this society. On all the  
screens of america, the joint blows up every hour and a half for two dollars an fifty cents.  
They have taken the niggers out to lunch, for a minute, made us partners nigger Charlie) or  
surrogates (boss nigger) for their horror. But just as superafrikan mobutu cannot leap  
ardskinhat his  
way out of responsibility for lumumba's death, nor even with his incredible billions  
rockefeller  
cannot even save his pale ho's titties in the crushing weight of  
things as they really are.  
How will it go, does it reach you, getting up, sitting on the side  
of the bed, getting ready to go to work. Hypnotized by the ma-  
chine, and the cement floor, the jungle treachery of  
trying  
to survive with no money in a money world, of making the boss  
100,000 for every 200  
dollars  
you get, and then having his brother get you for the rent, and if  
you want to buy the car  
you  
helped build, your downpayment paid for it, the rest goes to buy  
his old lady a foam  
rubber  
rhinestone set of boobies for special occasions when kissinger  
drunkenly fumbles with her blouse, forgetting himself.  
If you don't like it, what you gonna do about it. That was the  
question we asked each  
other, &  
still right regularly need to ask. You don't like it? Whatcha  
gonna do, about it??  
The real terror of nature is humanity enraged, the true  
technicolor spectacle that  
hollywood  
cant record. They cant even show you how you look when you  
go to work, or when you  
come back.  
They cant even show you thinking or demanding the new so-  
cialist reality, its the ultimate  
tidal  
wave. When all over the planet, men and women, with heat in  
their hands, demand that  
society  
be planned to include the lives and self determination of all the  
people ever to live. That is the scalding scenario with a cast of  
just under two billion that they dare not even whisper. Its called,  
"We Want It All . . . The Whole World!"
